**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I was paying an exorbitant price for internet via Comcast cable. I thought I was going to be stuck with slow speeds and poor quality but Sonic rescued me from that. They offer Gigabit speeds at better value. Broadband is critical for my ability to work from home and take traffic off San Francisco streets. With Comcast my video conferencing was poor quality but the better bandwidth makes a huge difference. Comcast rely on their ubiquity to keep consumers overpaying for second rate services.
